BIG BLAZE

Tobacco Barn Burns to the Ground With Its Contents

A fire occurred Monday night on the farm owned by James Gerry, and occupied by John Beard, about 5 miles from Fleming Creek, Fleming county, in which a tobacco barn containing over 13,000 pounds of tobacco was burned.

The fire is believed to have been of incendiary origin, as several attempts have been made lately to set fire to the place.

On last Saturday Mr. Beard had been offered 11 cents per pound for the tobacco and refused it.

An insurance of \$900 was carried on the tobacco and \$600 on the barn.

Yesterday morning about 1:30 o'clock in response to a telephone message, Colonel William Roeder, accompanied by Mr. W. T. Johnson, started for the scene of the fire with the Mason county bloodhounds, and after arriving there, the hounds led them on two different occasions to the home of a very prominent neighboring farmer.

As yet no arrests have been made, and the chances are very poor as to the officers catching the perpetrators of the deed. A rigid investigation is being made.

Editorial Epigrams.

MARTINSVILLE, IND., November 24th, 1906.

Talk is a good deal cheaper than Thanksgiving turkey, especially the sort of talk that demagogic politicians indulge when they are fishing for the votes of an ignorant rabble, who care more for the man who sells the beer than they do for the sort of man who makes the city's laws.

During the recent unsuccessful campaign to retain the Reformers in power in Cincinnati, Mayor Dempsey made a number of public speeches, and, to create the impression that he was a great and warm man, immune to all forms of graft, he told of men who had approached him, before his seat had fairly gotten warm in the Mayor's revolving chair, with liberal offers of money, and of blocks of stock in certain corporations, if he would favor legislation along specified lines.

Of course, he spurned these generous offers; and his refusal was heralded throughout Cincinnati, from Columbia to Millersburg and from the Silver Moon to the raging Canawh, as evidence of the unimpeachable integrity of the Populist Chief Magistrate.

But there came a time when the Grand Jury had an inning, and it was thought proper by that body to take some action looking to the punishment of the rascals who had tried to bribe the Honorable Mayor—to "influence" him would probably be the proper phrase.

Fortwith Mayor Dempsey was haled before the inquisitors, and after a rigid application of the "pump," the Grand Jury has made solemn report that there wasn't the slightest evidence to show them anybody, anywhere, at any time, had made any attempt to bribe the Mayor! Plainly, this puts Dempsey in the class with a former well known Mason county man, famous for exaggerated

stories. On one occasion he was "called on the carpet" to establish the truth of a statement, when he went squarely back on what he had said originally.

Being asked why he did so, his reply covered the whole ground—

"Oh, well, I was talking then, but I'm swearing now!" You can draw your own conclusions as to the honesty and sincerity of the Democratic "Reform" Mayor of the once-proud Plaster Paris of America.

I am exceedingly sorry to learn of the severe losses of my good friends Will Henry Ryder, Elmer Bridges and James F. Sommers in the recent fire, which didn't originate on their premises, and I hope they will rise from the ashes bigger and brighter and better than ever. At this distance it looks like the grocery business was not as good as was expected, and I'm glad to hear that a full investigation will be made.

However, when 87% worth of vinegar in the cellar rubs against a \$1,200 insurance policy in the safe, "spontaneous combustion" may follow—but it oughtn't to happen too often!

And the farmers of old Mason have "joined the meetin'" in a demand for 15 cents a pound for the lowest grade of Burley, and as much as they can get for the higher qualities. With these prices for tobacco, and with eggs and butter and turkeys at rates which have prevailed for several years past, surely the Granger ought to "wear diamonds," and John Duley ought to drive a land office business in tobacco farms.

But how about the down-trodden young man who will have to "cough up" an extra price for his favorite brand of stinkettes?—the raw material furnished by the Growers Trust, and the product turned out by the Manufacturers Trust?

If "it takes a thief to catch a thief," it begins to look like it takes a Trust to bust a Trust—or words very much to that effect.

This is a place of swilling, steaming and sweating. When you're not drinking the water, they're boiling you in it, and then you go through a "sweating" that would make a fellow tell most any sort of a fairy tale to the Chief of Police. Some people do that anyhow.

The bells are ringing, and I must take a drink and hike out for Sunday-school.

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

BEAT UP A WOMAN

Fred Mendel Arrested and Fined For Assault

On last Saturday night, about 11 o'clock, a woman residing in the West End, while on her way home, was accosted by Fred Mendel, an employe of the power house, and in the argument that followed brutally assaulted the defenseless woman.

Since that time Mendel has eluded the police, and last night he came in and gave himself up.

Judge Whitaker immediately gave him a trial, and assessed a fine and cost of \$3.50 in the assault case. He was also put under a bond of \$100 to keep the peace.

The fine was paid. The woman who was held as a witness had her case dismissed.

For Bronchitis

TAKE VINOL it heals the bronchial tubes and remedies the cough

For centuries old-fashioned cod liver oil has been prescribed by physicians the world over for coughs, bronchitis, weak lungs and consumption, but many could not take it on account of the useless fatty, fishy oil which enveloped the medicinal curatives, and it often failed to help those who could take it because it upset the stomach.

Anyone can take the delicious cod liver preparation, Vinol, which contains all the medicinal curative and body-building elements of cod liver oil actually taken from fresh cods' livers, but no oil or grease, and wherever old-fashioned cod liver oil or emulsions would do good, Vinol will do far more good for all bronchial and lung troubles.

We ask every person in Maysville suffering from chronic colds, coughs, bronchitis or weak lungs to try Vinol on our guarantee.

JOHN C. PEGOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

River News

The gage marks 19.0 and falling.

The Chilo is due down tonight from Pomeroy.

The Virginia passed up last night for Pittsburgh.

The Henry M. Stanley was the Pomeroy boat last night.

The Dave Wood and Enterprise are coming with fifteen barges each.

The Virginia put off 300 barrels of salt yesterday for Maysville parties at the wharfoat.

The Eisenharth, a traveling showboat, landed this morning about 7:30 from points down the river.

Henry M. Stanley is being inspected today at Cincinnati, after which she will leave for Pomeroy and Charleston.

The Queen City will be down today from Pittsburgh, returning tomorrow night on the Keystone State's time.

The peculiar condition of having loaded coal craft and no towboats to take the product down the river has existed at Pittsburgh the past few days. It seldom occurs that a lack of coalboats prevents shipments. There is much coal available, but by the time towboats can return the water will have fallen too low for coal shipping.

The towboats Raymond Horner and G. W. Thomas, coming from Pittsburgh, ran into the pier of the Panhandle Railroad Bridge near Stenbenville, O., during a dense fog, sinking ten barges containing 125,000 bushels of coal. The towboats and bridge foundation escaped with slight damage. The sunken barges of coal will be dewatered with dynamite.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Itching piles is constant torment—no is eczema.

No comfort all day, no rest at night.

Can't keep your mind on work.

No use to go to bed.

Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures you to stay cured.

Maysville people endorse it.

Mrs. S. F. Toile of 117 Short street, Maysville, Ky., says:

"Before I used Doan's Ointment, in March, 1906, I had suffered for a long while with itching hemorrhoids. I had tried persistently to rid myself of the trouble but without success, and anybody who has known the torture of this complaint will understand what I suffered. Doan's Ointment, procured at J. J. Wood & Son's Drugstore, cured me, as stated in a testimonial given at that time, and during the five years past I have had no return of the trouble. It required only one box to bring this gratifying result. I have used Doan's Ointment for other purposes, and find that it is a specific for skin troubles and all itching diseases."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
